

# Mazuri® Vita-Zu® Primate Tab

(Available at [www.mazuri.com](http://www.mazuri.com) or through a Mazuri retailer)

## Formula Code - 5072

### Description

Mazuri® Vita-Zu® Primate Tabs are formulated to provide for the normal daily vitamin needs of most non-human primates. Convenient sized tablets are highly palatable and made with stable forms of fat-soluble and water-soluble vitamins. Each tablet has a uniform size and precision weight of 3 grams.

### Features and Benefits

- **Provides supplementary vitamins** - Eliminates need for supplementation of fruits and vegetables.
- **Convenient** - Get feed and vitamin tablets from same supplier.
- **Palatable** - Readily consumed to insure adequate intake of vitamins.

### Product Form

Rolled-edge domino shaped, 3 gram tablet.

- Tablet dimensions: 3/8" thickness x 1/2" width x 7/8" length  
- 900 g per canister (~300 tablets)

### Catalog #

0025512

### Ingredients

Dried corn syrup, maltodextrin, microcrystalline cellulose, fructose, l-ascorbyl-2-polyphosphate (stabilized vitamin C), d-alpha tocopheryl acetate (natural source of vitamin E), niacin, magnesium stearate (binder) calcium pantothenate, vanilla flavor, pyridoxine hydrochloride, riboflavin, thiamin mononitrate, orange oil, vitamin A acetate, folic acid, biotin, menadione sodium bisulfite complex (vitamin K), cholecalciferol (vitamin D<sub>3</sub>).

### Feeding Directions

- Mazuri® Vita-Zu® Primate Tabs provide a dietary source of vitamins to rapidly growing and adult animals deemed in need of such supplemental vitamins.
- For best results, feed daily with or immediately after meals.
  - As example: use one tablet daily for 20 to 70 kg animals; provide an additional tablet for each 70 kg of animal weight. Young animals up to 20 kg need 1/2 of this tablet daily or one tablet every other day.

Vitamin C, mg.....	58	Biotin, µg .....	28
Thiamin, mg .....	1.4	Vitamin B <sub>12</sub> , µg .....	0.00
Riboflavin, mg .....	1.6		

### Storage Conditions

For best results, after removal of required tablet dosage store in original container with lid securely affixed in a cool (75°F or colder), dry (approximately 50% RH) location.

Note: tablet coating may become speckled with exposure to air - this is not indicative of any vitamin degradation.

<sup>1</sup> Based on the latest ingredient analysis information. Since nutrient composition of ingredients varies, analyses will vary accordingly.
