

## Timothy-Based Rabbit Diet

Mazuri® Timothy-Based Rabbit Diet is a balanced diet designed for all life stages of rabbits.

### Features and Benefits

- **Timothy-based** – Lower protein and calcium than alfalfa-based formulations.
- **Supports digestion** – Made with live probiotics for gastric support.
- **Promotes chewing activity** – High fiber pellets encourage rabbits to chew.
- **Contains natural vitamin E, flaxseed, and Yucca schidigera.**
- **No added artificial colors or flavors.**

### Product Form & Packaging

Pellet | 1/8" x 3/8"

- **Catalog #0039440** | 5 lb. (2.27 kg) resealable poly bag
- **Catalog #0043945** | 25 lb. (11.34 kg) woven poly bag
- **Catalog #0039131** | Case: 6 x 5 lb. resealable poly bags

### Guaranteed Analysis

|  |              |                                 |            |
|--|--------------|---------------------------------|------------|
| Crude protein not less than.....             | 14.00%       | Calcium not more than .....     | 1.25%      |

(Lactobacillus acidophilus, Lactobacillus casei, Bifidobacterium thermophilum, Enterococcus faecium)\*

\*Contains a source of live (viable) naturally occurring microorganisms.

### Ingredients

Ground Timothy Hay, Wheat Middlings, Ground Soybean Hulls, Dehulled Soybean Meal, Oat Hulls, Dried Plain Beet Pulp, Cane Molasses, Ground Flaxseed, Lignin Sulfonate, Dicalcium Phosphate, Calcium Carbonate, Salt, Soybean Oil, Choline Chloride, DL-Methionine, Pyridoxine Hydrochloride, Brewers Dried Yeast, Dried Lactobacillus acidophilus Fermentation Product, Dried Lactobacillus casei Fermentation Product, Magnesium Oxide, Dried Bifidobacterium thermophilum Fermentation Product, Dried Enterococcus faecium Fermentation Product, Vitamin A Acetate, Folic Acid, Yucca schidigera Extract, Cholecalciferol (Vitamin D3), Manganous Oxide, d-Alpha Tocopheryl Acetate (Vitamin E), Zinc Oxide, L-Ascorbyl-2-Polyphosphate (Vitamin C), Ferrous Carbonate, Calcium Pantothenate, Copper Sulfate, Riboflavin Supplement, Nicotinic Acid, Vitamin B12 Supplement, Zinc Sulfate, Calcium Iodate, Cobalt Carbonate, Sodium Selenite.

### Feeding Directions

- **Supplemental food items may be provided.** Mature or elderly rabbits may benefit from supplemental food items with lower calcium and protein (ex. grass hay). Growing, gestating, and lactating rabbits may benefit from food items with higher calcium and protein (ex. alfalfa hay).
- Rabbits maintained in breeding colonies with high rates of breeding may benefit from a diet with enhanced energy density.
- See table (below) for dietary composition when feeding different levels of hay.

| Rabbit Type | Animal Weight    | Typical Amounts Eaten per day |
|-------------|------------------|-------------------------------|
| Small       | 1 – 3 lb         | 1/8 – 1/4 cup                 |
|             | (0.45 – 1.35 kg) | (17 – 34 g)                   |
| Medium      | 3 – 6 lb         | 1/4 – 1/2 cup                 |
|             | (1.35 – 2.73 kg) | (35 – 70 g)                   |
| Large       | 6 – 10 lb        | 1/2 – 3/4 cup                 |
|             | (2.73 – 4.50 kg) | (70 – 105 g)                  |
| Giant       | 10+ lb           | 3/4+ cup                      |
|             | (4.50+ kg)       | (140+ g)                      |

|               | Mazuri® Diet      |                   |                   |
|---------------|-------------------|-------------------|-------------------|
|               | + 25% timothy hay | + 50% timothy hay | + 25% alfalfa hay |
| Protein       | 13.3              | 12.5              | 14.9              |
| Fat           | 1.2               | 1                 | 1.2               |

| Vit E (IU/kg) | 61                | 47                | 61                |

- Always provide plenty of fresh, clean water.
  - Thoroughly wash feed and water bowls on a regular basis. It is always good practice to wash hands thoroughly after feeding and/or handling animals.
  - This diet is not for human consumption.
- 

### **Storage Conditions**

For best results, reseal the bag between uses or store contents of open paper sack in container with sealing lid. Store in a cool (75°F/24°C or colder), dry (approximately 50% RH) location free from rodents and insects. Do not offer moldy or insect-infested feed to animals as it may result in illness, performance loss or death. Freezing will not harm the diet and may extend freshness. Use within 1 year of bag manufacturing or "Best if Used By" date.
