

Alpaca Care

Mazuri® Alpaca Care is a fortified feed for all ages and lifestyles of alpaca. This diet is designed to be fed with free-choice grass hay and/or pasture.

Features and Benefits

- Available in pellet or crumble form.
- Meets published nutrient requirements for New World Camelids when fed as directed.
- Calcium and phosphorus concentrations appropriate for breeding alpacas.
- Contains flaxseed – a source of omega-3 fatty acids.
- Fortified with yeast culture – Supports feed digestibility and palatability.
- Formulated without distiller’s grains – Reduces risk of mycotoxin contamination.
- Formulated by Ph.D Nutritionists, in collaboration with leading alpaca specialist Dr. Norm Evans, DVM.
- Manufactured in an ionophore-free facility.

Product Form & Packaging

Pellet | 40 lb. (18.14 kg) net weight woven poly bag

- Catalog #3005472-905 | 5/32” x 1/2”
- Catalog #3005472-305 | Crumbles

Ingredients

Wheat Middlings, Ground Soybean Hulls, Dehydrated Alfalfa Meal, Yeast Culture, Ground Flaxseed, Dicalcium Phosphate, Cane Molasses, Calcium Carbonate, Lignin Sulfonate, Salt, Soybean Oil, Thiamine Mononitrate, Calcium Propionate (a Preservative), DL-Alpha Tocopheryl Acetate (Vitamin E), Cholecalciferol (Vitamin D3), Zinc Methionine Complex, Zinc Oxide, Dehulled Soybean Meal, Manganese Sulfate, Choline Chloride, Vitamin A Acetate, Nicotinic Acid, Artificial Apple Flavor, Zinc Amino Acid Complex, Manganese Amino Acid Complex, Calcium Iodate, Copper Amino Acid Complex, Cobalt Glucoheptonate, Manganous Oxide, Ferrous Carbonate, Biotin, Copper Sulfate, Sodium Selenite, Zinc Sulfate, Cobalt Carbonate.

Feeding Directions

- To be fed with free-choice grass hay or pasture. Feed alpacas 0.5% to 1% of their body weight daily.
- These feeding amounts are guidelines and should be adjusted based on environmental temperatures, body condition, level of activity or fleece production, and life stage; consult a nutritionist or veterinarian for guidance for individual animal needs.
 - For **maintenance** or females in **early gestation**, feed at 0.5% of body weight (see table below).
 - For **late-gestation females, breeding males, senior** animals, or **Suri** alpacas, consider feeding 25% more **Mazuri® Alpaca Care** or consider transitioning to **Mazuri® Alpaca Complete Life**.
 - For **lactating females**, consider feeding 50% to 100% more **Mazuri® Alpaca Care** or transition to **Mazuri® Alpaca Complete Life**.
 - If improved fiber quality or production is desired, transition alpacas to **Mazuri® Alpaca Performance**. If more energy intake is needed, transition to **Mazuri® Alpaca Complete Life**.

Feeding Guide*

Cria weight	Adult weight	Daily Amount*	Cups
25 lbs (11 kg)		0.125 - 0.25 lbs (55 - 110 g)	1/3 - 2/3
50 lbs (23 kg)		0.25 - 0.5 lbs (115 - 230 g)	2/3 - 1 1/3
75 lbs (35 kg)	75 lbs (35 kg)	0.375 - 0.75 lbs (175 - 350 g)	1 - 2
100 lbs (45 kg)	100 lbs (45 kg)	0.5 - 1 lbs (225 - 450 g)	1 1/4 - 2 1/2
	150 lbs (70 kg)	0.75 - 1.5 lbs (350 - 700 g)	2 - 4
	200 lbs (90 kg)	1 - 2 lb (450 - 900 g)	2 1/2 - 5

*Suggested amounts; adjust to individual animal needs.

- Always provide plenty of fresh, clean water.
- Thoroughly wash feed and water bowls on a regular basis. It is always good practice to wash hands thoroughly after feeding and/or handling animals.
- This diet is not for human consumption.

Caution: Follow label directions: Feeding added selenium at levels in excess of 0.3 ppm in total diet is prohibited.

Do not feed to sheep due to high concentrations of supplemental copper.

Storage Conditions

For best results, reseal the bag between uses or store contents of open paper sack in container with sealing lid. Store in a cool (75°F/24°C or colder), dry (approximately 50% RH) location free from rodents and insects. Do not offer moldy or insect-infested feed to animals as it may result in illness, performance loss or death. Freezing will not harm the diet and may extend freshness. Use within 1 year of bag manufacturing or "Best if Used By" date.
