

## Sheep Locu

Mazuri® Sheep Locu is a low-copper, moderate-starch, sheep diet that complements normal roughage intake to ensure proper sheep nutrition. This diet is suitable for sheep at all life stages.

### Features and Benefits

- **Moderate starch levels** – Optimizes health and longevity in exotic ruminants.
- **High in fermentable fibers** – Promotes healthy rumen fermentation.
- **Reduced- and controlled-phosphorus formulation** – Helps assist in proper mineral metabolism.
- **No copper added** – Specially formulated for sheep species with low copper tolerances.
- **Contains flaxseed** – Source of Omega-3 fatty acids.
- **Balanced nutrition** – Provides the nutrition needed to balance deficiencies in roughage.
- **Concentrated form** – Easily adapted to the species, diet requirements, and life stage of the target animals.
- **Pellet form** – Easy to feed; minimizes waste.

### Feeding Directions

- Feed as a supplement to the normal maintenance diet for ruminants such as sheep.
- Feed ad libitum in addition to access to normal roughage diets.
  - Suitable for trough feeding.
- Always provide plenty of fresh, clean water.
- Thoroughly wash feed and water bowls on a regular basis. It is always good practice to wash hands thoroughly after feeding and/or handling animals.
- This diet is not for human consumption.

**Caution: Follow label directions: Feeding added selenium at levels in excess of 0.3 ppm in total diet is prohibited.**

### Storage Conditions

For best results, reseal the bag between uses or store contents of open paper sack in container with sealing lid. Store in a cool (75°F/24°C or colder), dry (approximately 50% RH) location free from rodents and insects. Do not offer moldy or insect-infested feed to animals as it may result in illness, performance loss or death. Freezing will not harm the diet and may extend freshness. Use within 1 year of bag manufacturing or "Best if Used By" date.
