

Zebra Diet

Mazuri® Zebra Diet is designed to complement a normal grazing diet and provides the nutrients needed to keep animals in good condition when roughage may not provide adequate nutrition.

Features and Benefits

- **Palatable** – Feed designed for zebras.
- **High level of vitamins and minerals** – No supplementation needed.
- **Oval cube (large pellet) form** – Easy to feed, less waste.

Product Form & Packaging

Catalog #0005506 | Oval Cube | 3/8" height, 5/8" width x 1" length | 50 lb. (22.67 kg) paper w/poly bag

Guaranteed Analysis

Crude protein not less than	14.00%	Phosphorus not less than	0.65%
Crude fat not less than.....	2.00%	Copper not less than.....	40.00 ppm
Crude fiber not more than	15.00%	Selenium not less than.....	0.50 ppm
Ash not more than	9.00%	Selenium not more than.....	0.60 ppm
Calcium not less than	0.45%	Zinc not less than	300 ppm
Calcium not more than	0.95%	Vitamin A not less than	4000 IU/lb

Ingredients

Ground Oats, Wheat Middlings, Dehydrated Alfalfa Meal, Oat Hulls, Linseed Meal, Dried Beet Pulp, Dehulled Soybean Meal, Salt, Dicalcium Phosphate, Calcium Carbonate, Magnesium Oxide, Pyridoxine Hydrochloride, Menadione Sodium Bisulfite Complex (source of Vitamin K), L-Ascorbyl-2-Polyphosphate (Stabilized Vitamin C), DL-Alpha Tocopheryl Acetate (Form of Vitamin E), Folic Acid, Choline Chloride, Vitamin B-12 Supplement, Cholecalciferol, Biotin, Thiamine Mononitrate, Vitamin A Acetate, Riboflavin Supplement, Calcium Pantothenate, Ethoxyquin (a Preservative), Nicotinic Acid, Manganous Oxide, Zinc Oxide, Ferrous Carbonate, Copper Sulfate, Zinc Sulfate, Calcium Iodate, Cobalt Carbonate, Sodium Selenite.

Feeding Directions

- Feed alongside daily roughage allowance.
- Feed 1 kg per 100 kg of animal bodyweight per day during the winter, then reduce the amount fed to 0.5 kg or less per 100 kg of bodyweight during the summer.
- Always provide plenty of fresh, clean water.
- Thoroughly wash feed and water bowls on a regular basis. It is always good practice to wash hands thoroughly after feeding and/or handling animals.
- This diet is not for human consumption.

Caution: Follow label directions: Feeding added selenium at levels in excess of 0.3 ppm in total diet is prohibited.

Storage Conditions

For best results, reseal the bag between uses or store contents of open paper sack in container with sealing lid. Store in a cool (75°F/24°C or colder), dry (approximately 50% RH) location free from rodents and insects. Do not offer moldy or insect-infested feed to animals as it may result in illness, performance loss or death. Freezing will not harm the diet and may extend freshness. Use within 1 year of bag manufacturing or "Best if Used By" date.
