

# Mazuri® Rat & Mouse Diet

(Available at [www.mazuri.com](http://www.mazuri.com) or through a Mazuri® retailer)

**Formula Code - 5663**

## Description

Mazuri® Rat & Mouse Diet is a complete diet that is specially formulated to meet the nutritional requirements of rats & mice of all life stages.

## Features and Benefits

- Contains dried *Yucca schidigera* extract to help reduce waste odor
- Large block shape to encourage chewing and help support dental health
- Nutritionally complete, no supplementation needed
- No artificial colors or flavors

## Product Form

Pellet feed: oval block - 3/8" x 5/8" diameter x 1" length.

- 2 lb. resealable poly bag
- 25 lb. net weight paper sack

## Catalog #

0052166  
0001442

## Guaranteed Analysis

Crude protein not less than..... 23.00%  
Crude fat not less than..... 6.50%  
Crude fiber not more than..... 6.00%  
Moisture not more than..... 12.00%  
Ash not more than..... 8.00%  
Vitamin E not less than..... 50 IU/kg

## Ingredients

Dehulled Soybean Meal, Ground Corn, Wheat Middlings, Ground Wheat, Soybean Oil, Cane Molasses, Ground Oats, Calcium Carbonate, Dehydrated Alfalfa Meal, Dried Plain Beet Pulp, Ground Flaxseed, Wheat Germ, Brewers Dried Yeast, Dicalcium Phosphate, Salt, Calcium Propionate (a preservative), DL-Methionine, Choline Chloride, Pyridoxine Hydrochloride, *Yucca schidigera* Extract, Vitamin A Acetate, Menadione Sodium Bisulfite Complex (Vitamin K), Cholecalciferol (Vitamin D3), Folic Acid, Thiamine Mononitrate, Manganous Oxide, d-Alpha Tocopheryl Acetate (Vitamin E), Vitamin B12 Supplement, Zinc Oxide, Ferrous Carbonate, Nicotinic Acid, Calcium Pantothenate, Riboflavin Supplement, Copper Sulfate, Zinc Sulfate, Calcium Iodate, Cobalt Carbonate.

## Feeding Directions

- Feed free-choice to rodents. Feed consumption will be based on size of rodent species and life stage. Use the following examples as guidelines, per animal:
  - **Rats:** Adult rats generally consume 16-25 grams of feed per day (approx. 4 to 6 pellets)
  - **Mice:** Adult mice generally consume 4-5 grams of feed per day (approx. 1 to 2 pellets)
  - **Pregnant, Lactating and Juvenile Mice and Rats:** Feed free choice.
- Supplemental food items (grasses, vegetables, fruits and seeds) may be provided, but should not make up more than 20% of the diet. Diets containing higher amounts of fruits, seeds and other high calorie treats may predispose animals to obesity and other nutritional health disorders.
- Always provide plenty of fresh clean water. Thoroughly wash feeding and watering bowls on a regular basis. It is always good practice to wash hands thoroughly after feeding and/or handling pets. This diet is not for human consumption.
- For breeding animals, we suggest Mazuri® Rodent 6F.

## Storage Conditions

For best results, reseal the bag between uses or store contents of open sack in container with sealing lid. Store in a cool (75°F/24°C or colder), dry (approximately 50% RH) location free from rodents and insects. Do not offer moldy or insect-infested feed to animals as it may result in illness, performance loss or death. Freezing will not harm the diet and may extend freshness. Use within 1 year of bag manufacturing or "Best if Used By" date.
