## Formula Code – 56A6

### Description

Mazuri® Small Bird Diet is a diet for small psittacines and passerines with diverse particle sizes. This diet is specially formulated for non-breeding birds (young birds after first molt and up to breeding age, and for birds kept in non-breeding situations). This diet is not for growing chicks.

### Features and Benefits

- **Mixed particle size** – Supports natural foraging behavior.
- **Better than seeds** – Less waste, no sorting, consistent nutrition.
- **Contains ground flaxseed** – A source of essential omega-3 fatty acids to support overall health.
- **No added artificial colors or artificial flavors.**
- **Contains antioxidant vitamin E** – An essential nutrient.

### Product Form

Extruded feed: 2 particle sizes.

- 2.5 lb. resealable poly bag
- 25 lb. net weight paper sack

### Feeding Directions

Feed free choice to non-breeding birds and provide fresh food daily.

- A 3 ½ oz (100 g) bird will typically eat between 2 to 3 Tbsp (10 – 15 g) per day, while a 1 lb. (450 g) bird may consume between 1/3 to 1/2 cup (33 – 40 g) per day.
- Fresh fruits, vegetables and seeds may be provided, but no more than 20% of the total diet.
- To switch birds to this diet, gradually replace your old diet with this diet at the rate of 10% per day. Do not overfeed during this transition time and monitor your bird to be sure it is eating the new diet.
- Thoroughly wash feed and water bowls on a regular basis. It is always good practice to wash hands thoroughly after feeding and/or handling pets. This diet is not for human consumption.

### Storage Conditions

For best results, ensure polybag seal is fully closed during storage, or store contents of open paper sack in container with sealing lid. Store in a cool (75°F or colder), dry (approximately 50% RH) location free from rodents and insects. Do not offer moldy or insect-infested feed to animals as it may result in illness, performance loss or death. Freezing will not harm the diet and may extend freshness. Adhere to the "Best if used by" date or use within 1 year of bag manufacturing.
