### Ingredients

Dried corn syrup, thiamin mononitrate, dl-alpha tocopheryl acetate (form of vitamin E), maltodextrin, brewers dried yeast, shellac (outer coating), diacetylated monoglyceride (outer coating), calcium pantothenate, pyridoxine hydrochloride, riboflavin, corn oil, magnesium stearate, silicone dioxide (tableting agent), vitamin A acetate, folic acid, biotin.

### Feeding Directions

- Feed to mammals by placing tablet into the food (shellfish or fish).
- Feed 1 tablet per 5 lb. of food.
- Recommendation: feed out within 12 hours of pilling food.

### Storage Conditions

For best results, tightly affix lid on container after removal of required dosage. Store in original container in a cool (75°F or colder), dry (approximately 50% RH) location. Use within 1 year of lot manufactured date.

Note: Ingredients cause pill to have a speckled appearance. Coating on tablets may become speckled with exposure to air - this is not indicative of any vitamin degradation.
