

Small Bird Supplement with Vitamin A

Mazuri® Small Bird Supplement with Vitamin A is formulated for fish-eating birds consuming smaller prey items to provide vitamins depleted in gutted, frozen fish in a convenient tablet form.

Features and Benefits

- **Contains vitamin C** – Helps support the immune system.
- **Contains vitamin A** – Designed to be fed with gutted fish.
 - For a similar formula without vitamin A to supplement when whole fish are fed, see Mazuri® Small Bird Supplement (5TLC)

Product Form & Packaging

0.2 g tablet | Oval shape

- **0053066** | Bottle - 360 g (approx. 1800 tablets) per bottle
- **0054030** | Case - 6 bottles per case

Guaranteed Analysis (per tablet)

Ingredients

Dextrose, Thiamine Mononitrate, Ascorbic Acid (Vitamin C), Maltodextrin, DL-Alpha Tocopheryl Acetate (Vitamin E), Brewers Dried Yeast, Calcium Pantothenate, Riboflavin Supplement, Pyridoxine Hydrochloride, Shellac, Diacetylated Monoglyceride, Magnesium Stearate, Corn Oil, Silicon Dioxide, Vitamin A Acetate, Folic Acid, Biotin.

Feeding Directions

- This tablet is designed to be fed with gutted fish.
- Feed 1 tablet per 0.5 lb. (227 g) of fish or shellfish in the diet. Feed by placing the tablet into the food.
 - Feed within 12 hours.
- Always provide plenty of fresh, clean water.
- Thoroughly wash feed and water bowls on a regular basis. It is always good practice to wash hands thoroughly after feeding and/or handling animals.
- This supplement is not for human consumption.

Storage Conditions

Keep lip tightly closed after removing required amount. Store in a cool (75°F/24°C or colder), dry (approximately 50% RH) location free from rodents and insects. Use within 1 year of bag manufacturing or "Best if Used By" date.

Ingredients cause tablets to have a speckled appearance. Coating on tablets may become speckled with exposure to air – this is not indicative of any vitamin degradation.
