

Mazuri® Hedgehog Diet  
(Available at [www.mazuri.com](http://www.mazuri.com) or through a Mazuri® retailer)  
Formula Code – 5M3D

### Description

Mazuri® Hedgehog Diet is designed to simulate the high protein, high fiber diet of hedgehogs. It can be used as a replacement for all or some of the insect component of the diet.

### Features and Benefits

- **Formulated to be high in fiber and protein** to represent the insect portion of the diet.
- **Contains omega-3 fatty acids and a natural source of vitamin E.**
- **No added artificial flavors.**

### Product Form

Extruded feed: 1/8" round particle.

- 8 oz. resealable poly bag

### Catalog #

3003417-745

### Guaranteed Analysis

Crude Protein, min .....	28.0%
Crude Fat, min.....	11.0%
Crude Fiber, min.....	11.0%
Crude Fiber, max.....	15.0%
Moisture, max.....	12.0%
Ash, max .....	8.0%
Vitamin E, min .....	300 IU/kg
Omega-3 Fatty Acids, min.....	0.25%

### Ingredients

### Feeding Directions

- The Hedgehog Diet should make up at least 50% of your animal's intake. Hedgehogs will consume 1-3% of bodyweight per day. Food intake will vary due to growth rate, activity, environmental temperature, and life stage. For example:
  - For a 10 oz (300 g) hedgehog: 2-3 teaspoons (4-6 g)
  - For a 1.5 lb (700 g) hedgehog: 1-3 tablespoons (7-21 g)
- Always feed along with fresh clean water.
- Soaking Hedgehog Diet in water may help transition animals that are used to soft/moist diets.
- After 1-2 weeks on a soaked diet, slowly transition to using less water and eventually offer a dry diet.
- Supplemental food items including insects, vegetables and fruit can be fed at 50% or less of the total diet.
