Dehulled Soybean Meal, Ground Corn, Fish Meal, Corn Protein Meal, Wheat Middlings, Fish Oil, Dehydrated Alfalfa Meal, Wheat Germ, Salt, L-Ascorbyl-2-Polyphosphate (Vitamin C), Spirulina Algae Meal, Anhydrous Betaine, Brewers Dried Yeast, Calcium Carbonate, Manganous Oxide, Dicalcium Phosphate, Choline Chloride, Vitamin A Acetate, Canthaxanthin (color), Calcium Pantothenate, Cholecalciferol (Vitamin D3), Pyridoxine Hydrochloride, d-Alpha Tocopheryl Acetate (Vitamin E), Preserved with Mixed Tocopherols, Vitamin B12 Supplement, Zinc Oxide, Folic Acid, Nicotinic Acid, Thiamine Mononitrate, Ferrous Carbonate, Citric Acid (a Preservative), Riboflavin-5-Phosphate, Menadione Sodium Bisulfite Complex (Vitamin K), DL-Methionine, Copper Sulfate, Astaxanthin (Color), Zinc Sulfate, Calcium Iodate, Beta Carotene, Rosemary Extract, Biotin, Cobalt Carbonate, Sodium Selenite.

### Feeding Directions

- Feed to koi and goldfish over twelve inches in length.
- Feed 1 – 3 times per day and only as much as fish will readily consume in 5 minutes.
  - Do not overfeed, as excess feed will decompose in the water resulting in poor water quality, which may be harmful to the health of your fish.
- For the same nutrition in a different particle size, consider:
  - Mazuri® Koi Platinum Bits - suitable for koi and goldfish up to six inches.
  - Mazuri® Koi Platinum Nuggets - suitable for fish six to twelve inches long.
- When feeding multiple sizes of fish, choose a particle size the smaller fish will be able to eat.
- This diet is not for human consumption.

### Storage Conditions

For best results, reseal the bag between uses or store contents of open paper sack in container with sealing lid. Store in a cool (75°F/24°C or colder), dry (approximately 50% RH) location free from rodents and insects. Do not offer moldy or insect-infested feed to animals as it may result in illness, performance loss or death. Freezing will not harm the diet and may extend freshness. Use within 1 year of bag manufacturing or "Best if Used By" date.
