

Koi Premium

Mazuri® Koi Premium is a koi food specially created for your prized koi fish. This top-of-the-line product, formulated with high-quality ingredients, meets the needs of your koi at every stage of their life, with three pellet sizes available. Mazuri® Koi Premium is designed with superior nutrition and quality to ensure your koi are healthy, vibrant, and thriving.

Features and Benefits

- **Various particle sizes suitable for small, medium, and large fish.**
- **Contains:**
 - **Fish meal** – Highly palatable and digestible, provides essential amino acids.
 - **Shrimp meal** – A source of amino acids and a natural color enhancer.
 - **Probiotics** – Supports digestive health.
- **Floating particles** – Supports water clarity and helps prevent over-feeding. Fish can be observed eating.
- **High level of vitamin C** – Supports immune function and stress tolerance.
- **Includes wheat germ** – For digestibility.
- **Manufactured in the USA with US and imported ingredients.**

Product Form & Packaging

Extruded Particle

- **Catalog #300258** | 2 mm diameter | 3.5 lb. (1.58 kg) net weight resealable poly bag
- **Catalog #300257** | 2 mm diameter | Case: 6 x 3.5 lb. net weight resealable poly bags
- **Catalog #300125** | 4 mm diameter | 20 lb. (9.07 kg) net weight paper w/poly bag
- **Catalog #300259** | 5 mm diameter | 20 lb. (9.07 kg) net weight paper w/poly bag

Guaranteed Analysis

Crude protein not less than	36.00%	Calcium not more than	2.25%
Crude fat not less than	3.00%	Phosphorus not less than	0.90%

Total Microorganisms not less than	270,000 CFU/g		

(Lactobacillus acidophilus, Lactobacillus casei, Bifidobacterium thermophilum, Enterococcus faecium)*

*Contains a source of live (viable) naturally occurring microorganisms.

Ingredients

Ground Wheat, Fish Meal, Dehulled Soybean Meal, Corn Protein Meal, Dried Black Soldier Fly Larvae Meal, Shrimp Meal, Wheat Germ, Fish Oil, Salt, L-Ascorbyl-2-Polyphosphate (Vitamin C), Spirulina Algae Meal, Anhydrous Betaine, Sodium Bentonite, Yeast Extract, Corn Protein Feed, Calcium Carbonate, Active Dry Yeast, Dried Lactobacillus acidophilus Fermentation Product, Dried Lactobacillus casei Fermentation Product, Molasses Hydrolyzed Yeast, Dried Bifidobacterium thermophilum Fermentation Product, Dried Enterococcus faecium Fermentation Product, Canthaxanthin, Choline Chloride, Pyridoxine Hydrochloride, Zinc Amino Acid Complex, Vitamin A Supplement, Preserved with Mixed Tocopherols, Manganese Amino Acid Complex, Calcium Pantothenate, Cholecalciferol (Vitamin D3), Copper Amino Acid Complex, Astaxanthin, d-Alpha Tocopheryl Acetate (Vitamin E), Cobalt Glucoheptonate, Vitamin B12 Supplement, Thiamine Mononitrate, Folic Acid, Nicotinic Acid (Niacin), Citric Acid (a Preservative), Riboflavin-5-Phosphate, Rosemary Extract, Natural Flavor, Artificial Flavor, Menadione Sodium Bisulfite Complex (Vitamin K), Manganous Oxide, DL-Methionine, Zinc Oxide, Ferrous Carbonate, Dicalcium Phosphate, Copper Sulfate, Beta Carotene, Zinc Sulfate, Biotin, Calcium Iodate, Sodium Selenite, Cobalt Carbonate.

Feeding Directions

- Feed to koi and goldfish in ponds as a floating feed.
- When feeding multiple sizes of fish, choose a particle size the smaller fish will be able to eat.
- Koi Premium offers the same, quality nutrition in three particle sizes:
 - **Mazuri® Koi Premium Small** - suitable for koi and goldfish up to 6 inches.
 - **Mazuri® Koi Premium Medium** - suitable for fish over 6 inches long.
 - **Mazuri® Koi Premium Large** - suitable for fish over 12 inches long.
- Feed 1–3 times per day and only as much as fish will readily consume in 5 minutes.
- Do not overfeed as excess feed will decompose in the water resulting in poor water quality, which may be harmful to the health of your fish.
- It is always good practice to wash hands thoroughly after feeding and/or handling animals.
- This diet is not for human consumption.

Storage Conditions

For best results, reseal the bag between uses or store contents of open paper sack in container with sealing lid. Store in a cool (75°F/24°C or colder), dry (approximately 50% RH) location free from rodents and insects. Do not offer moldy or insect-infested feed to animals as it may result in illness, performance loss or death. Freezing will not harm the diet and may extend freshness. Use within 1 year of bag manufacturing or "Best if Used By" date.
