

Mazuri® Primate Basix Biscuit
(Available at www.mazuri.com or through a Mazuri® retailer)
Formula Code – 5NAA

Description

Mazuri® Primate Basix Biscuit is designed to be fed to a variety of primate species. It is fortified with essential nutrients to ensure adequate intake.

Features and Benefits

- **Designed to be fed with supplementation** - Allows for natural feeding behaviors by the addition of species-appropriate food items.
- **Meets NRC recommendations for most nutrients** - Except protein, sodium and chloride when fed at 50% of the diet.
- **No added wheat product** - May be appropriate for animals with wheat sensitivity.
- **Contains flaxseed** - Source of Omega-3 fatty acids.

Product Form

Extruded biscuit: 5/8" width x 7/8" height x 1 3/4" length.

- 25 lb. net weight paper sack

Catalog

0062089

Guaranteed Analysis

Crude protein not less than 20.0%
Crude fat not less than 5.5%
Crude fiber not more than 12.0%
Moisture not more than 12.0%
Ash not more than 8.0%

Ingredients

Ground Corn, Dehulled Soybean Meal, Ground Soybean Hulls, Ground Oats, Corn Gluten Meal, Sucrose, Soybean Oil, Dicalcium Phosphate, Calcium Carbonate, Flaxseed, Salt, Dehydrated Alfalfa Meal, Brewers Dried Yeast, L-Ascorbyl-2-Polyphosphate (Vitamin C), DL-Methionine, Taurine, Pyridoxine Hydrochloride, Cholecalciferol (Form of Vitamin D3), Choline Chloride, Folic Acid, D-Alpha Tocopheryl Acetate (Form of Vitamin E), Vitamin A Acetate, Calcium Pantothenate, Menadione Sodium Bisulfite Complex (source of Vitamin K), Biotin, Preserved with Mixed Tocopherols (Form of Vitamin E), Rosemary Extract, Thiamine Mononitrate, Nicotinic Acid, Citric Acid, Vitamin B-12 Supplement, Riboflavin Supplement, Copper Sulfate, Zinc Oxide, L-Lysine, Manganous Oxide, Ferrous Carbonate, Zinc Sulfate, Calcium Iodate, Sodium Selenite, Cobalt Carbonate.

Feeding Directions

- Mazuri® Primate Basix Biscuit is designed to be an essential part of a total primate feeding system and may be used in conjunction with all other Mazuri® primate products.
- Primates generally consume about 2% to 4% of their body weight in food each day on a dry matter basis (i.e., a 50 kg animal will eat 1 to 2 kg of food per day, on a dry matter basis).
 - Mazuri® Primate Basix Biscuit can be supplemented with fresh vegetables and fruit if this is desired to provide variety in the diet, as long as the dry matter of these items does not exceed 50% of the dry matter consumption. Using typical produce and browse, a feeding program on an "as fed" basis would consist of 60% produce/browse and 40% Mazuri® primate products (i.e., a diet may be 6 lb. of produce/browse plus 4 lb. of one or a mix of Mazuri® primate products).
- The amount of diet the animal requires will vary according to its age, size, life stage, health status and activity of the animal and the environmental temperature.
 - Adjust daily feed intake based on the health status, body condition and nutrient level desired to meet the needs of your primates.
 - Diet may be soaked to soften the biscuits for infants or animals that have difficulty chewing.
- Fresh, clean water should be available at all times.
- Primates require ascorbic acid (vitamin C) in their daily diet. Mazuri® Primate Diets contain a stabilized form of vitamin C that is stable under appropriate storage conditions for at least 1 year from the date of manufacturing printed on the bag.

Vitamin B ₁₂ , µg/kg.....	42
Vitamin A, IU/kg.....	22,115
Vitamin D ₃ (added), IU/kg.....	6,300
Vitamin E, IU/kg.....	270
Vitamin K (as menadione), ppm.....	2.3
Beta-carotene, ppm.....	1.2

Storage Conditions

For best results, store contents of open bag in container with sealing lid. Store in a cool (75°F or colder), dry (approximately 50% RH) location protected from rodents and insects. Do not feed moldy or insect-infested feed to animals as performance loss, illness or death can result. Use within 1 year of bag manufacturing.

¹ Based on the latest ingredient analysis information. Since nutrient composition of ingredients varies, analyses will vary accordingly.

² Calculated from NRC of Non-Human Primates, (2nd ed., 2003).

* Naturally occurring sugars not included in calculation.
