

Insectivore Gel Diet

Mazuri® Insectivore Gel Diet is designed to simulate the high-protein, high-fiber diet of insectivorous animals. This diet is shipped as a powder that is designed to be made into a gel prior to feeding.

Features and Benefits

- **Designed to be complete and balanced for insectivores** – No supplementation necessary.
- **Highly fortified** – May be fed with fruits, greens, etc.
- **Contains fish oil** – Rich source of long-chain omega-3 fatty acids.
- **Contains high fiber** – Helps simulate the chitin component of the insectivore’s diet.
- **Contains taurine** – At levels that meet recommendations for carnivores.
- **Highly palatable.**

Catalog #1813794 | Dry Powder | 1 kg canister

Guaranteed Analysis (dry powder)

Crude protein not less than.....	30.00%	Moisture not more than.....	12.00%
Crude fat not less than.....	11.00%	Sodium not more than.....	0.59%
Crude fiber not more than.....	16.00%		

Ingredients

Chicken Meal, Ground Soybean Hulls, Whole Wheat, Dried Plain Beet Pulp, Gelatin, Rice Flour, Dehulled Soybean Meal, Dried Egg Product, Ground Aspen, Porcine Animal Fat Preserved with BHA and Citric Acid, Brewers Dried Yeast, Dicalcium Phosphate, Poultry Fat Preserved with Mixed Tocopherols, Cellulose, Wheat Germ, Menhaden Meal, Dried Whey, Shrimp Meal, Natural Poultry Flavor, Lecithin, Fish Oil, Soybean Oil, Xanthan Gum, DL-Methionine, Salt, Taurine, Choline Chloride, Lactose, Tagetes (Aztec Marigold) Extract (Color), Preserved with Mixed Tocopherols, Inositol, D-Alpha Tocopheryl Acetate (Vitamin E), Riboflavin-5-Phosphate, L-Ascorbyl-2-Polyphosphate (Vitamin C), Citric Acid (a Preservative), Calcium Carbonate, Nicotinic Acid, Rosemary Extract, Manganese Oxide, Thiamine Mononitrate, Zinc Oxide, Ferrous Carbonate, Calcium Iodate, Ferrous Sulfate, Calcium Pantothenate, Copper Sulfate, Pyridoxine Hydrochloride, Menadione Sodium Bisulfite Complex (Vitamin K), Canthaxanthin (color), Vitamin A Acetate, Folic Acid, Zinc Sulfate, Sodium Selenite, Biotin, Cobalt Carbonate, Vitamin B12 Supplement, Cholecalciferol (Vitamin D3).

Feeding Directions

NEVER FEED DRY PRODUCT.

- Combine, by weight, 65% boiling water and 35% Mazuri® gel powder. Adjust ratios to desired texture and need.
 - Mix fully, pour into shallow pan. Refrigerate overnight or until firm. Cut to desired size and feed.
- Feed intake will vary based on age, body size and reproductive status. A targeted intake level would be 2.5% - 3.0% powder per kg of animal by body weight per day (never feed dry powder without combining with water).
 - Mazuri® Insectivore Gel Diet can be fed in combination with fruit, vegetables, browse or other food items. Care should be taken when using supplemental dietary ingredients to ensure that nutrient recommendations are assessed.
- Always provide plenty of fresh, clean water.
- Prepared gel should be consumed or discarded within 24 hours or stored no longer than 7 days under refrigeration or up to 1 month frozen.
- If frozen, it is recommended that frozen batches be individually sealed in amount of usage, as repeated entry into the container exposes gel to oxygen.
- Thoroughly wash feed and water bowls on a regular basis. It is always good practice to wash hands thoroughly after feeding and/or handling animals. This diet is not for human consumption.

Storage Conditions

Mazuri® Gel Diets have a 1-year shelf life in the dry powder form when stored in a dry environment. For best results, tightly affix lid on canister after removal of desired dosage or store contents of open bags in container with sealing lid. Store in a cool (75°F/24°C or colder), dry (approximately 50% RH) location free from rodents and insects. Do not feed moldy or insect-infested feed to animals as it may cause illness, performance loss or death. The mixed product should be stored under refrigeration for no longer than 7 days or frozen for up to 1 month. It is recommended that frozen batches be individually sealed in amount of usage, as repeated entry into the container exposes gel to oxygen. Once this product is mixed, it should be handled like raw food.
