

## Small Bird Supplement

Mazuri® Small Bird Supplement is formulated for fish-eating birds consuming smaller prey items to provide vitamins depleted in frozen fish in a convenient tablet form.

---

### Features and Benefits

- **Contains vitamin C** – Helps support the immune system.
- **No vitamin A** – Designed to be fed with whole fish.
  - For a similar formula with vitamin A to supplement when gutted fish are fed, see Mazuri® Small Bird Supplement with Vitamin A (5M25)

---

---

### Ingredients

Dextrose, Ascorbic Acid (Vitamin C), Thiamine Mononitrate, Maltodextrin, DL-Alpha Tocopheryl Acetate (Vitamin E), Brewers Dried Yeast, Calcium Pantothenate, Shellac, Diacetylated Monoglyceride, Riboflavin Supplement, Pyridoxine Hydrochloride, Magnesium Stearate, Silicon Dioxide, Corn Oil, Folic Acid, Biotin.

---

### Feeding Directions

- Feed 1 tablet per 0.5 lb. (227 g) of fish or shellfish in the diet. Feed by placing the tablet into the food.
  - Feed within 12 hours.
- Always provide plenty of fresh, clean water.
- Thoroughly wash feed and water bowls on a regular basis. It is always good practice to wash hands thoroughly after feeding and/or handling animals.
- This supplement is not for human consumption.

---

### Storage Conditions

Keep lip tightly closed after removing required amount. Store in a cool (75°F/24°C or colder), dry (approximately 50% RH) location free from rodents and insects. Use within 1 year of bag manufacturing or "Best if Used By" date.

**Ingredients cause tablets to have a speckled appearance. Coating on tablets may become speckled with exposure to air – this is not indicative of any vitamin degradation.**
