- **Yucca schidigera extract** – helps control manure odor
- **No artificial flavors**

## Product Form

Pelleted feed: 5/32" diameter x 1/2" length.

- 25 lb. net weight woven poly bag

## Catalog #

3005271-203

## Guaranteed Analysis

Crude protein not less than .....	20.00%	Phosphorus not less than .....	0.90%
Lysine not less than .....	1.30%	Salt not less than .....	0.60%
Crude fat not less than .....	4.00%	Salt not more than .....	1.10%
Crude fiber not less than .....	1.00%	Selenium not less than .....	0.30 ppm
Crude fiber not more than .....	4.00%	Zinc not less than .....	220 ppm
Moisture not more than .....	12.00%	Vitamin E not less than .....	50 IU/lb
Ash not more than .....	8.00%	Niacin not less than .....	40 mg/lb
Calcium not less than .....	0.80%	Biotin not less than .....	0.80 mg/lb
Calcium not more than .....	1.30%	Omega 3-Fatty acids not less than .....	0.75%
Total microorganisms not less than .....			270,000 CFU/g

(Lactobacillus acidophilus, Lactobacillus casei, Bifidobacterium thermophilum Enterococcus faecium)\*

\*Contains a source of live (viable) naturally occurring microorganisms

## Ingredients

Ground Corn, Dehulled Soybean Meal, Dried Whey, Sucrose, Ground Flaxseed, Dicalcium Phosphate, Dried Plain Beet Pulp, Cane Molasses, Soybean Oil, Calcium Carbonate, Dehydrated Alfalfa Meal, Salt, Biotin, L-Lysine, Dried Lactobacillus acidophilus Fermentation Product, Dried Lactobacillus casei Fermentation Product, DL-Methionine, Dried Bifidobacterium thermophilum Fermentation Product, Choline Chloride, Pyridoxine Hydrochloride, Dried Enterococcus faecium Fermentation Product, Ferrous Sulfate, Yucca schidigera Extract, Calcium Pantothenate, Menadione Sodium Bisulfite Complex (source of Vitamin K), d-Alpha Tocopheryl Acetate (Vitamin E), Preserved with Mixed Tocopherols, Vitamin D3 Supplement, Folic Acid, Vitamin B12 Supplement, Vitamin A Acetate, Rosemary Extract, Riboflavin Supplement, Nicotinic Acid, Citric Acid (a Preservative), Copper Sulfate, Selenium Yeast, Thiamine Mononitrate, Zinc Oxide, Manganese Sulfate, Manganous Oxide, Zinc Amino Acid Complex, Zinc Sulfate, Manganese Amino Acid Complex, Ethylenediamine Dihydroiodide, Copper Amino Acid Complex, Basic Copper Chloride, Cobalt Glucoheptonate, Sodium Selenite.

## Feeding Directions

- Offer free-choice from 7 days until 3 weeks of age or older. After 3 weeks, **feed 1.5–3% of body weight per day** depending on activity level, other foods offered, environmental temperature, and social structure. The feeding amounts are guidelines and should be adjusted based on the pig's body condition.
- **Grass, hay or produce** may be fed after 8 weeks, but is not necessary in the diet and should not consist of more than 25% of the diet.
- Transition to **Mazuri® Active Adult** at 4 months of age or older as desired to regulate growth rate.
- **Gestation and lactation:** Transition to 50% Mazuri® Mini Pig Active Adult and 50% Mazuri® Mini Pig Youth. For higher energy requirements, as in the case of large litter size or multiple breedings, increase Youth to 60% of daily intake.

## Recommended Feeding Guide

Pig Weight	Daily Amount*
Under 10 lbs	Free choice
10 – 15 lbs	½ – 1½ cups (70 – 200 g)
16 – 25 lbs	¾ – 2½ cups (100 – 340 g)
26 – 35 lbs	1¼ – 3¼ cups (170 – 470 g)
36 – 50 lbs	1½ – 4½ cups (235 – 680 g)

\*1.5 – 3% of body weight

## Storage Conditions

For best results, reseal the bag between uses or store contents of open sack in container with sealing lid. Store in a cool (75°F/24°C or colder), dry (approximately 50% RH) location free from rodents and insects. Do not offer moldy or insect-infested feed to animals as it may result in illness, performance loss or death. Freezing will not harm the diet and may extend freshness. Use within 1 year of bag manufacturing or "Best if Used By" date.
