Feeding Directions

- Feed treats throughout the day as a complement to your pig's normal Mazuri® Mini Pig Diet.
- This product is not a nutritionally complete diet for your mini pig and is intended for intermittent or supplemental feeding only. This product should not be fed at more than 25% of the total diet.
- Always provide plenty of fresh, clean water.
- Thoroughly wash feed and water bowls on a regular basis. It is always good practice to wash hands thoroughly after feeding and/or handling animals. This treat is not for human consumption.

Storage Conditions

For best results, reseal the bag between uses or store contents of open paper sack in container with sealing lid. Store in a cool (75°F/24°C or colder), dry (approximately 50% RH) location free from rodents and insects. Do not offer moldy or insect-infested feed to animals as it may result in illness, performance loss or death. Freezing will not harm the diet and may extend freshness. Use within 1 year of bag manufacturing or "Best if Used By" date.
