

# Mazuri® Electrolyte

Available on [www.mazuri.com](http://www.mazuri.com) and through a Mazuri® retailer

## Formula Code – 5Z4X

### Description

Mazuri® Electrolyte is an electrolyte replacement and nutritional supplement to support hydration in small mammals such as rodents, rabbits, guinea pigs, hedgehogs, ferrets, and other small mammals.

### Features & Benefits

- **Maintains hydration and electrolyte balance during times of stress** - such as weaning, illness, diarrhea, pre- and post-surgery, and transportation
- **Contains glycine and citric acid** - for optimal absorption of water and electrolytes
- **Easy to mix** - dissolves rapidly and stays in solution
- **Provides quick energy** - contains sugar as an energy source and to support electrolyte solution intake

### Product Form

Dry powder.

- 1-kg canister
- Case of 4, 1-kg canisters

### Catalog #

1819300-717

1819300-747

### Guaranteed Analysis

|                               |       |
|-------------------------------|-------|
| Moisture not more than .....  | 5.0%  |
| Phosphorus not less than..... | 0.7%  |
| Potassium not less than ..... | 2.0%  |
| Sodium not more than.....     | 5.3%  |
| Salt not less than.....       | 13.0% |
| Sugar not less than .....     | 65.0% |
| Glycine not less than .....   | 8.0%  |

### Ingredients

Sugar, Salt, Glycine, Citric Acid, Potassium Citrate, Monopotassium Phosphate.

### Feeding Directions

Mix one scoop (1 tablespoon, ~15 g) of Mazuri® Electrolyte into 8 ounces (240 ml) of water and stir to dissolve completely. Leave water bottle in enclosure for no longer than 12 hours, then replace with a fresh solution as needed. Thoroughly clean water bottle after use. Always provide animals a non-supplemented (water-only) drinking option.

Monitor animal health closely. In case of serious dehydration or to evaluate your animal's specific needs, please contact your veterinarian. Not for human consumption.

### Storage Conditions

Store in a cool (75° or cooler), dry (approximately 50% RH) location. Ensure canister lid is fully closed between usage and keep free from moisture to prevent clumping.
