

## Petting Zoo Diet

Mazuri® Petting Zoo Diet is a diet designed specifically for the wide range of animals found in petting zoos.

### Features and Benefits

- **Extruded form** – Increases feed durability through feeding dispensers and optimizes palatability.
- **Nugget is ideal size** for hand feeding and feeder filling.
- **Low copper level** – To help avoid problems with copper-sensitive animals.
- **High Fiber** – To maintain proper weight.

### Product Form & Packaging

Catalog #0001504 | Extruded Particle | 1/2" diameter | 40 lb. (18.14 kg) net weight paper w/poly bag

### Guaranteed Analysis

Crude protein not less than .....	11.00%	Calcium not more than .....	1.12%
<small>(This includes not more than 0.85% equivalent crude protein from non-protein nitrogen)</small>		Phosphorus not less than .....	0.45%
Lysine not less than .....	0.50%	Salt not less than .....	0.75%
Crude fat not less than .....	1.50%	Salt not more than .....	1.25%
Crude fiber not more than .....	18.00%	Potassium not less than .....	1.00%
Acid detergent fiber not more than .....	20.00%	Selenium not less than .....	0.10 ppm
Moisture not more than .....	12.00%	Vitamin A not less than .....	1400 IU/lb
Ash not more than .....	8.00%	Zinc not less than .....	150.00 ppm
Calcium not less than .....	0.62%		

### Ingredients

Wheat Middlings, Ground Soybean Hulls, Ground Corn, Ground Oats, Dehydrated Alfalfa Meal, Cane Molasses, Calcium Carbonate, Salt, Ammonium Chloride, Zinc Sulfate, DL-Alpha-Tocopherol Acetate (Vitamin E), Choline Chloride, Biotin, Preserved with Mixed Tocopherols, Cholecalciferol (Vitamin D3), Rosemary Extract, Calcium Pantothenate, Vitamin A Acetate, Citric Acid (a Preservative), Thiamine Mononitrate, Nicotinic Acid, Riboflavin Supplement, Manganese Sulfate, Vitamin B12 Supplement, Zinc Oxide, Manganous Oxide, Ferrous Sulfate, Potassium Iodide, Sodium Molybdate, Cobalt Carbonate, Sodium Selenite.

### Feeding Directions

- Provide in small quantities to petting zoo animals.
- Total intake should not exceed 4% of body weight per day.
  - If intake is below 1% of body weight, additional feed may need to be provided.
  - Additional feed may be Mazuri® products, forage, and/or browse that are appropriate for the species.
- Always provide plenty of fresh, clean water.
- Thoroughly wash feed and water bowls on a regular basis. It is always good practice to wash hands thoroughly after feeding and/or handling animals.
- This diet is not for human consumption.

### Storage Conditions

For best results, reseal the bag between uses or store contents of open paper sack in container with sealing lid. Store in a cool (75°F/24°C or colder), dry (approximately 50% RH) location free from rodents and insects. Do not offer moldy or insect-infested feed to animals as it may result in illness, performance loss or death. Freezing will not harm the diet and may extend freshness. Use within 1 year of bag manufacturing or "Best if Used By" date.
